

Wooltouch

Wooltouch and Woolclass are high quality tufted carpets made from pure new wool that will withstand use in both residential and contract (class 32 - 33) applications.

RESILIENT Wool is resilient making it hard wearing and long lasting. Retaining pile height and shape, wool recovers quickly from furniture compression and resists permanent marking, as well as being flame resistant.

COMFORTABLE Wool is naturally comfortable, providing thermal and acoustic insulation, it also regulates air moisture content, absorbs contaminants from indoor air and reduces static charge.

EASY Wool is easy to care for meaning that the carpet will resist dirt and stains.

RENEWABLE Wool is biodegradable and from a renewable source.

Wooltouch

APPLICATIONS

- Bedroom
- Living Room

TECHNICAL SPECIFICATIONS

Secondary backing:	SB
Quality code:	WLT
Manufacturing process:	Tufted
Manufacturing process (hospitality):	1/10" Saxony
